

# SMOOTH CRIMINALS

## THE REAL MICHAEL JACKSON TRIBUTE BAND

The Smooth Criminals is currently the only band who is able to recreate the King of Pop's same atmosphere, feelings and emotional impact while performing. Eleven artists (among whom we find one the most popular impersonators in Italy), videos, coreographies and fireworks are the key of the successful and one-of-a-kind shows where MJ's best songs are played just like he had performed them in his long career. Roy Paladini (MJ's impersonator) is considered the Italian impersonator with the most faithful voice to MJ. To his undoubted vocal qualities, he add great ability in dancing and personify Michael Jackson, also wearing accurate reproduction of his clothes, performing on stage with incomparable passion and energy. And as a part of the show, you will see the execution of famous stage effects created by MJ, like the 45° Lean or the Giant Shadow.

The band's line up also includes four other professional dancers, big time fans of MJ's style, as well as six musicians whose care and expertise give life to the typical Jackson sound. An unforgettable show! The Smooth Criminals excite the most passionate fans and strike those who have just recently approached MJ's music. A show which brings back to life a dream, a stunning tribute to the King of Pop, a one-of-a-kind experience!
